CREDIT CAUSES WASTE

While oil conservation and gas conservation are being talked, there is another conservation that is also of Farm waste keeps the farmer poor. farm waste keeps down the production of farm products and live stock.

One of the biggest farm wastes is known hardware and implement wholesale house has made an estimate that farmers pay one-third more than they should pay for their supplies in that one line. This hardware tem forces the wholesafer to sell for his accounts; the credit system forces the retailer to sell higher because he loses many of his accounts, and his terially to his annual cost of conducting business.

would if he had the money in the bank to pay spot cash for his purchases. He chinery that he would if he paid the cash and owned his purchases.

Getting on a cash basis is largely with the farmer himself, but a rural credit system of the proper kind will put the industrious and intelligent farmer out of the yearly grind of buying on credit.

DEVELOPMENT JUST STARTED

A well known oil producer says it is up to Ardmore now to prepare to meet the demands of many oil men who will be here within a short time, This producer says, within less than six months the tide will have been turned in the Healdton field, there will be a rush of buying and that means a rush of drilling operations. Before the Producers' Refining Co's line begins to make runs, there will be a market for almost the total output of the field,
